The 23 Psalm of Inner Peace

The 23rd Psalm is one of the most beautiful and often quoted poems in not only Biblical literature, but all literature. Although it's written in the language of a shepherd or herdsman, it can easily be updated and adapted into the language of *any* human need.

We've placed it in the context of meeting unprecedented modern day human challenges. We offer it as a spiritual salve and affirmative prayer to help ease your concern and inspire you to trust the magnificent healing power of not only your Higher Spiritual Nature, but our mutual collective healing power when, together, we can achieve our Greater Good.

Affirm prayerfully and expectantly:

*Our collective God Essence is our healing power,
We can conquer any fear and eliminate any and all panic.
We're able to transcend all patterns of doubt, apprehension and disquiet
because our Human Nature is in sync with our extraordinary Divine Nature.*

*We can restore our sense of calmness and inner peace by having dominion
over our thoughts, choices, words and actions.*

*We can do this by upping our consciousness to a Super-Conscious octave for
the sake of being one with our timeless Divine Nature.*

*Yea, though we may be surrounded by the fear, confusion and uncertainty
of the coronavirus Covid-19, we will fear no pandemic evil.*

Our Indwelling Divine Genealogy underwrites our well-being.

*By right of consciousness, we anoint humankind with health, wellness and
limitless vitality.*

*Surely radiant health and wholeness shall characterize our collective human
experience;*

*And we will dwell in a consciousness of perfect health, respectfulness,
compassion and oneness forever.*

And so it is. And it shall be so!
